

Myer Farm White Dog

43.3%

An estate white whiskey: the corn in this spirit was all grown and harvested on the Myer farm, a Finger Lakes farm dating back to the 1860s. The nose is clean and green, a focused blast of unmodified corn. The spirit is zesty and fresh, sweet and grassy/minty; easy to hold on the tongue until a final heat that fires the finish. If the finish were a bit smoother...still quite good for unaged whiskey.
