

**St. George's Founder's  
Private Cellar Triple  
Distilled Cask 0116**

**60.8%**

The Private Cellar range is a cask strength, single cask range where St. George's can have some fun and dip a toe into uncharted waters. Triple distillation makes the whisky smoother, sweeter, and more rounded...which shouldn't work with the earthy, rustic style of St. George's. It does —big time. There are rum and raisin notes, and a creaminess that masks the sappy youthfulness of the whisky (it's 5 years old). £148
