

**The Coronation
(distilled at
Glenfarclas) 1953**

51.1%

Only 60 bottles have been released from this 60 year old first-fill sherry cask. Amazingly, the nose is not dominated by wood, but is mature and concentrated with the aroma of rain-moistened tweed, tropical fruit, blonde tobacco, cedar, and chanterelle mushroom. This elegantly faded, sepia-tinted impression continues on the tongue: fine-boned, mossy, clean, and slowly drying. A classic example of oxidation, not woodiness, allowing freshness to be retained. Amazing. (*The Whisky Exchange exclusive.*) £6,000
