

**Glenfarclas Family
Casks 1983 (Cask #31)**

46.1%

In style, this is closest to the 1978 in its levels of sweetness. Here, though, there is added key lime pie, juicy white peaches, and whipped cream alongside that deep Glenfarclas roasted 'polished brass' note. The medium-weight palate is pure and sweet with light orchard fruits. The most freshly acidic of the selection, with a hint of flowers on the very end. £430
