

Arran Malt Orkney Bere

56.2%

Isle of Arran Distillers has introduced a second edition of its Orkney Bere expression, made with an ancient variety of barley still cultivated in the Orkney Islands and aged in bourbon barrels. It is a cask strength 10 year old variant, and 4,890 bottles are available. The nose is quite oily, with ripe peaches and pineapple cubes, plus developing floral notes. Viscous and sweet on the palate, with tangerines, caramel, and rich spices. The finish is lengthy, with coconut and milk chocolate-coated caramel.
