

## **Glenrothes Vintage Reserve**

**40%**

Glenrothes is always this fascinating mix of the malty and the fruity and is one of those drams which needs time in the glass to open. Given that time, you will be rewarded with date, raisin, some fudge, and some real savory depth before a sprinkling of trail mix and a sweetening into nougat and caramel, spice and chocolate. A replacement for the old Select Reserve, this is a magnificent Glenrothes and at a great price, so don't dare moan.
