

Cooper River Rye

43%

Rich copper in color, following just 55 weeks in a 17-gallon barrel at low proof (106.2), this whiskey is caught between youth and ambition, as flavors of leathery oak, earth, dried apple, and dates emerge to meet green twigs and briar, and some musty basement. Generous and broad-shouldered, this rye aims high, with solid structure and robust spice, but is overwhelmed by dusty, bitterly tannic oak on the finish.
