

Wild Turkey Longbranch

43%

Redolent of marshmallow and vanilla, this is restrained on the nose, but revels in pretty sweetness, with peaches and cream, ripe banana, and circus peanuts candies. On the palate, this collaboration with actor Matthew McConaughey betrays some of its Wild Turkey pedigree, capturing the house earthiness. For its modest proof, it pours a bit hot on the palate, with plenty of oak tannins, making it a nice sipper on the rocks or with water.
