

Yellowstone Kentucky Straight Bourbon 2018

50.5%

Lavish oak aromas display sawdust, sandalwood, baking spices, and Christmas cookies, but lurking underneath is lots of dark fruit—black cherry soda, blueberry muffin, and cassis—tinged with root beer barrels and alpine forest.

A truly pretty, complex, and delicious whiskey, although the oak feels like it's just a bit overdressed. Finished in charred wine barrels. (12,000 bottles)
