

Vesey's Straight Bourbon

47%

This bourbon from South Carolina's Charleston Distilling Co. has a nose that starts with a chalky minerality, but fruit leather, strawberry, and blueberry quickly emerge, along with notes of candy corn, caramel, and chocolate fondue. The palate offers bitter chocolate, grape, and cherry, with caramel, roasted nuts, and coconut lingering on the back palate. The finish is nutty and bittersweet, with lingering fruitiness on a warm and chocolaty finish.
