

**Booker's 2018-03**

**"Kentucky Chew**

**" 63.35%**

Originally touted by Booker Noe, the "Kentucky Chew" is a way of tasting whiskey: swishing it around your mouth, then swallowing and smacking your lips—an urge that's hard to resist with this intensely flavorful bourbon. Aromas of peanuts, cherry cola, candied ginger, blackberry jam, and curing tobacco are echoed on the palate, which has grape jelly, blueberry pie, peanuts in Coke, Mexican hot chocolate, and a hint of licorice. The finish is warming, lengthy, and sweet, with a lift of cherry and spice undercutting chocolate and oak.
