

St. George Spirits Breaking & Entering

43%

American whiskey takes an unusual direction with this blend of straight bourbons from Kentucky and Tennessee, straight rye from Tennessee, and malt whiskey made by St. George Spirits. On the nose, stewed plums and apricots, orange gumdrops, almonds, earthy grain—spilled wine in the garden. A resinous and hoppy palate, with poached pears, cooked ginger, lemon, white pepper, and milk chocolate-covered almonds. Lemon pith and mild oak on the finish.
