

**Bushmills Distillery  
Exclusive Acacia Wood**

**47%**

Ireland's technical regulations provide flexibility with the type of wood used for aging, hence this seriously aromatic whiskey with piquant citrus, lemon, fresh ginger root, sponge cake, apple peel, sour cherry, and dry spices of pepper, cumin, and whole nutmeg. Delicious citrus peel, rich honey, vanilla pod, ground ginger, banana, and grapefruit, but no matter how hard it tries, it keeps shifting back to the spices. More experiments with these barrels, please! (12,000 bottles) £74

—Vol. 28, #2
